

## MANUAL / ELECTRIC SPRAYER - 2 IN 1

The 2-in-1 Manual/Electric Sprayer, a versatile tool designed to meet all your spraying needs. This innovative sprayer combines the convenience of electric operation with the reliability of manual functionality, making it perfect for gardens, farms, and various outdoor tasks. With adjustable spray patterns and an ergonomic design, it ensures comfort and efficiency during use. Whether you're tackling small projects or large-scale applications, this sprayer delivers exceptional performance every time.

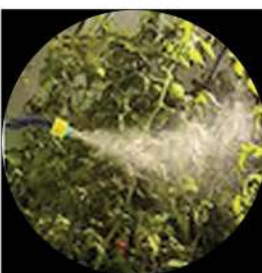

## USAGE OF MACHINE

Gather the leaves  
together

Collect the leaves in  
the bag

Put it in dustbin

After cleaning

## FEATURES

### DUAL-MODE OPERATION

This sprayer offers both manual and electric operation, giving you the flexibility to switch between modes based on your needs. Use the manual mode for smaller tasks that require precise control or switch to the electric mode for larger, time-consuming jobs. The dual functionality makes it an ideal tool for both small garden owners and professional farmers.

### HIGH-EFFICIENCY PUMP SYSTEM

The sprayer is equipped with a high-efficiency pump that ensures consistent and smooth spraying in both manual and electric modes. The electric pump reduces user fatigue, making it easier to cover large areas, while the manual pump provides reliable backup in areas without electricity, ensuring uninterrupted operation.

### ADJUSTABLE NOZZLE FOR VERSATILE SPRAYING

Featuring an adjustable nozzle, this sprayer allows you to customize the spray pattern to suit different tasks, from a fine mist for delicate plants to a powerful stream for larger areas or pest control. This versatility ensures optimal coverage while minimizing waste, making it highly efficient for a variety of applications.

### ERGONOMIC AND LIGHTWEIGHT DESIGN

Designed for user comfort, the sprayer comes with an ergonomic handle and shoulder straps for easy carrying during extended periods of use. The lightweight design reduces strain, making it comfortable to operate for long durations, whether you're working in small gardens or large agricultural fields.

### DURABLE CONSTRUCTION FOR LONG-TERM USE

Built with durable, corrosion-resistant materials, this sprayer is designed to withstand tough working conditions, such as exposure to chemicals and frequent use in outdoor environments. Its rugged build ensures long-lasting performance, providing you with a reliable tool for your spraying needs over many seasons. By using this 2-in-1 sprayer.

## ACCESSORIES
