

ELECTRIC BACKPACK SPRAYER 20L

The Cordless Backpack Sprayer offers easy, efficient, and eco-friendly spraying with its rechargeable lithium-ion battery, removing the need for manual pumping. Designed for agriculture, gardening, and disinfection, it delivers consistent performance with adjustable nozzles for various applications. Its lightweight and ergonomic design ensures comfort and convenience during extended use.

USAGE OF MACHINE

**Agricultural
Spraying**

**Horticulture &
Gardening**

**Disinfection &
Sanitization**

**Weed & Pest
Control**

FEATURES

- ADVANCED BATTERY-POWERED SYSTEM**
 Equipped with a high-capacity 18V lithium-ion battery that provides several hours of uninterrupted spraying on a single charge. This eliminates the need for manual pumping, reducing operator fatigue and increasing productivity in the field.
- CONSISTENT AND RELIABLE PRESSURE OUTPUT**
 Designed to maintain a stable pressure level throughout operation, ensuring uniform coverage and precise application of chemicals, fertilizers, or disinfectants across all surfaces.
- MULTI-PATTERN NOZZLE SELECTION**
 Includes adjustable and interchangeable nozzles that allow users to switch between mist, jet, and cone spray modes. This adaptability makes it ideal for various applications such as agriculture, horticulture, pest control, and sanitization.
- LIGHTWEIGHT AND ERGONOMIC CONSTRUCTION**
 Thoughtfully designed with a comfortable backpack harness, padded shoulder straps, and balanced weight distribution to ensure ease of use during long spraying sessions. The ergonomic handle provides a secure grip for better control and reduced strain.
- RUGGED AND CHEMICAL-RESISTANT BUILD**
 The 20-liter tank is made from high-strength, corrosion-resistant materials that withstand exposure to a wide range of agrochemicals, ensuring long-term durability and reliability in demanding field conditions.
- ECO-FRIENDLY AND LOW-NOISE OPERATION**
 Powered by a clean electric motor, this sprayer operates quietly and produces zero emissions, making it an environmentally friendly solution suitable for indoor and outdoor use alike.
