

DUAL ELECTRIC & MANUAL SPRAYER 20L (2 IN 1)

This Manual Sprayer is a reliable and easy-to-use tool designed for efficient spraying in gardens, farms, and household applications. Its manual operation allows precise control over pressure and flow, ensuring even coverage and effective performance. Built with durable materials and a user-friendly design, it is ideal for spraying water, pesticides, fertilizers, and cleaning solutions with ease.

USAGE OF MACHINE

Agricultural Spraying

Horticulture & Gardening

Disinfection & Sanitization

Weed & Pest Control

FEATURES

- **DUAL OPERATION SYSTEM:**

This sprayer is equipped with both manual and electric operation modes, offering complete flexibility to the user. The dual system allows uninterrupted spraying — even when the battery is low — making it ideal for use in the field, on farms, or in large gardens where continuous performance is essential.

- **HIGH PRESSURE OUTPUT:**

Designed to deliver up to 4.5 bar (65 PSI) of working pressure, the sprayer ensures a powerful and consistent spray pattern. This high-pressure output provides excellent reach and coverage.

- **STRONG FLOW RATE:**

With an impressive flow rate of 2.9 liters per minute, this sprayer offers fast and even liquid distribution. The higher flow rate ensures quicker coverage of large areas, reducing spraying time while maintaining uniformity.

- **EFFICIENT BATTERY PERFORMANCE:**

Powered by a 12V/8Ah lead-acid rechargeable battery, it provides 4–5 hours of continuous operation on a single charge. The sprayer also includes a dual-voltage charger (127/220V).

- **DURABLE AND STURDY CONSTRUCTION:**

Engineered for long-lasting use, the sprayer features a stainless-steel telescopic lance, brass screw handle, and a 1.2-meter hose, all designed to resist corrosion and wear.

- **COMFORT, SAFETY & VERSATILITY:**

Designed with the user in mind, it includes a padded safety belt, speed regulator, and euro plug charger for convenience and safety.
