

MANUAL SPRAYER

2 Liters

Built for reliability and ease, the Manual Sprayer offers precise control for every application. Its hand-operated design ensures consistent spray pressure and efficient performance in agriculture, gardening, and sanitation tasks. Durable, lightweight, and easy to use — a perfect choice for everyday spraying needs.

USAGE OF MACHINE

Agricultural Spraying

Gardening and Plant Care

Disinfection & Sanitization

Weed & Pest Control

FEATURES

- 2-LITER COMPACT CAPACITY:**
 Equipped with a 2-liter tank, this sprayer is ideal for small to medium-scale applications such as home gardens, cleaning tasks, and plant care. Its compact size reduces chemical waste and allows easy mobility for precise spraying.
- MANUAL HAND-PUMP OPERATION:**
 Designed with a smooth and efficient hand-pump mechanism, it operates completely manually, giving users full control over spray intensity and pattern. No electricity or batteries are required, ensuring reliable use anytime, anywhere.
- WORKING PRESSURE (2-4 PA):**
 The sprayer operates efficiently within a 2-4 PA pressure range, maintaining consistent spray output. This allows even distribution of liquids for both fine misting and direct jet applications, ensuring effective results.
- DURABLE PP CONSTRUCTION:**
 Built from high-quality polypropylene (PP), this sprayer provides excellent durability, impact strength, and resistance to most common agrochemicals. The strong material ensures long service life with minimal maintenance.
- ADJUSTABLE NOZZLE SYSTEM:**
 The twist-adjustable nozzle allows users to easily switch between mist and jet spray modes. Whether you're watering delicate plants or applying pesticides, the sprayer adapts to every need with precision.
- ERGONOMIC & LIGHTWEIGHT DESIGN:**
 Engineered for operator comfort, its lightweight body and ergonomic handle provide an easy and fatigue-free experience. The balanced structure ensures smooth handling, even during prolonged use in gardens or farms.

TECHNICAL SPECIFICATIONS

Model	SMS2L
Product Name	Manual Sprayer
Capacity	2 Liters
Operation	Manual
Working pressure	2-4PA
Material	PP

U.S.P

This sprayer, operating within a pressure range of 2–4 PA, is made of durable polypropylene (PP), ensuring reliable performance and long service life for various tasks. Ideal for gardening, cleaning, and more, its manual operation makes it a practical choice for precise control and ease of use.
