

## GASOLINE BACKPACK SPRAYER 25L WITH NYLON PUMP (2 STROKE, 26CC)

The Backpack Sprayer with Nylon Pump combines durability, comfort, and performance. Its strong nylon pump ensures smooth pressure and chemical resistance, while the ergonomic backpack design allows easy, fatigue-free use. Perfect for agriculture, gardening, and pest control, it delivers reliable and efficient spraying every time.

## USAGE OF MACHINE

**Agricultural & Farming**

**Gardening & Landscaping**

**Sanitation & Cleaning**

**Livestock & Animal Care**

## FEATURES

- HIGH-PERFORMANCE NYLON PUMP:**  
Equipped with a strong, corrosion-resistant nylon pump that ensures smooth pressure build-up and consistent performance, even under frequent use. Its durable design makes it ideal for handling various agricultural and cleaning chemicals.
- LARGE CAPACITY TANK:**  
The spacious tank allows longer spraying sessions without the need for frequent refills, improving efficiency and saving time—perfect for farms, gardens, and large outdoor areas.
- ADJUSTABLE NOZZLE SYSTEM:**  
Comes with an easy-to-adjust nozzle that lets users switch between fine mist and focused jet spray, ensuring precise control for different spraying applications like fertilizers, pesticides, and disinfectants.
- ERGONOMIC BACKPACK DESIGN:**  
Designed for comfort and convenience, the padded shoulder straps and contoured back support help reduce fatigue during extended use, making it suitable for long working hours in the field.
- STABLE WORKING PRESSURE:**  
Provides a consistent pressure output, allowing uniform spray coverage and optimal chemical distribution across crops or surfaces, leading to better results and reduced waste.
- LOW MAINTENANCE & EASY CLEANING:**  
The user-friendly design allows for easy disassembly, quick cleaning, and minimal maintenance, ensuring long-term reliability and trouble-free operation.

## TECHNICAL SPECIFICATIONS

Motor	26CC, Gasoline, 2-stroke
Maximum Power	1.1 HP
Fuel Tank Capacity	0.6 Liters
Tank Capacity	25 Liters
Working Pressure	215–363 PSI
Maximum Pressure	508 PSI
Spraying Volume	5–8 Liters / Min
Pump Type	High-pressure piston pump
Pump Material	Nylon
Starting System	Recoil

### U.S.P

With outlet pressure regulation – practical and precise  
 Economical and low-vibration engine – more operator comfort  
 2 long sprayers with curved tip – greater reach  
 2 spraying nozzles – higher volume  
 Nylon pressure pump – Konshin
